DETAILED ACTION

This communication is in response to amendment received on 7/15/08.

Claims 8 – 14 are presented for examination.

Allowable Subject Matter

Claims 8 – 14 are allowed.

The following is an examiner's statement of reasons for allowance: The reasons for the allowance for claim 8 are the same as given in the Ex Parte Quayle mailed on 11/13/07.

As to claims 9 – 14, the prior art fails to show the first and second cells in each row, which are separated from each other by at least one inactive measurement cell, the first cell being activated so as to generate eddy currents on the surface of said metal product and the second being activated so as to detect the eddy currents generated by the first cell, the flow of the eddy currents on the surface being modified by the presence of surface defects; and the at least three measurement cells of the second of said first and second parallel rows are controlled in the same way as the at least three measurement cells of the first of said first and second parallel rows. These features taken together with the other limitations of the claim renders the claims allowable over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Reena Aurora whose telephone number is 571-272-2263. The examiner can normally be reached on Monday - Friday, 7:00 - 3:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, P. Assouad can be reached on 571-272-2210. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
